Topic: Finding Lost Revenue in a Cash Flow Crisis

2:00 – 2:10 - PM

Introduction

Sandra Magaw, MAPAM President

2:10 – 3:10 PM

Finding Revenue in a Cash Flow Crisis

Billy Trujillo, Manager Triage Consulting Group

Mary Petruska, Manager Triage Consulting Group

In the midst of the COVID-19 pandemic, providers are dealing with never before seen fiscal challenges. This creates the need to identify opportunities for quick cash within under-explored facets of revenue integrity.

Triage's presentation highlights COVID-related reimbursement nuances and dives into case studies explaining how to find and fix other difficult-to-detect errors causing direct revenue loss. Examples include challenges with charge capture, coding accuracy, VA reimbursement, unique contract provisions, invalid payer denials, Medicare Part A to B billing, among others.

3:10 PM – TBD

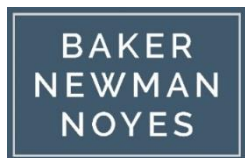

Networking and General Merriment

You may recall before the COVID-19 pandemic, we used to incorporate networking and a fun atmosphere to every meeting. We're going to keep this theme alive even in the "virtual" world. We miss our MAPAM friends and we're sure you miss each other as well. So please join us for a little social interaction after Billy and Mary's presentation!
