INPATIENT CLAIMS PRICING AT 0

The Health Safety Net is transitioning Inpatient Pricing Grouper vendors. Inpatient claims billed without a valid DRG will price at zero until HSN has fully transitioned it's inpatient hospital claim vendor. Once the Grouper transition is complete, remaining claims will be reprocessed and priced accordingly.

Inpatient claims billed with a valid DRG are priced at the National Average Payment (NAP). Once HSN has fully transitioned vendors, affected claims will be adjusted through the grouper for appropriate reimbursement.

Providers that wish to rebill their inpatient claims priced at zero and initially billed without a DRG, may resubmit their claims with a Type of Bill (TOB) code 07 (for replacement) and add a valid DRG for pricing at the National Average Payment (NAP). These claims will also be reprocessed and repriced once the transition is complete.

HSN Partial Deductible Reporting and Fiscal Year(s) Closure

Deductible Reporting

As of June 15, 2021, the Commonwealth's Public Health Emergency (PHE) ended. The flexibility permitting Health Safety Net providers to pause collecting Partial deductibles ended with the PHE conclusion. HSN providers must collect partial deductibles and bill in accordance with all applicable regulations as 101 CMR 613.000 and 101 CMR 614.000.

Providers are urged to review HSN All Provider Billing Update 7 for more information:

Fiscal Year (FY) 2021 Closing

Providers are reminded that Fiscal Year 2021 permanently closed on September 30, 2023. Any claims with a FY21 (10/1/2020 – 9/30/2021) date of service submitted for processing after September 30, 2023, will be denied by the Health Safety Net (HSN) for submitting after the fiscal year closure date.

SPECIAL CIRCUMSTANCE APPLICATIONS

Beginning September 1, 2023, HSN Special Circumstance (Medical Hardship, Confidential, and Bad Debt) claims will not be reimbursed **without** a Special Circumstance application on file.

Providers should continue to utilize the applications for Medical Hardship, Confidential and Inpatient Bad Debt claims on INET: [Learn about HSN-INET | Mass.gov](#)

HSN must establish eligibility by way of a MMIS ID on the Provider's INET Referred Eligibility Report in order to process Medical Hardship, Confidential, and Inpatient Bad Debt claims. The MMIS ID must be coded onto the claim for processing.

Providers are urged to review HSN All Provider Billing Update 7 or HSN All Provider Billing Update 4 for more information: [HSN ALL BU-7](#);

SPECIAL CIRCUMSTANCE APPLICATION CONT.

Referred Eligibility Reports may be downloaded from the HSN INET. For more details, please refer to the below link:

[Learn about HSN-INET | Mass.gov](#)

If a patient has an existing MMIS ID, providers should only submit special circumstance claim(s) once the Special Circumstance application has been approved under the existing MMIS ID.

Once an MMIS ID is assigned, members can be verified through the Virtual Gateway Eligibility Verification System(EVS) via member id or name. If your organization utilizes a Billing Intermediary, please ensure that the Billing Intermediary is informed of the above-mentioned information to avoid claim denials.

Any questions, please contact the HSN helpdesk at hsnhelpdesk@state.ma.us

UPDATED PORTAL AGREEMENTS

The Health Safety Net is transitioning from INET to the ONBASE system where special circumstance applications, referred eligibility reports, surcharge and payment information can be found. For more information, please review HSN Billing Update 4:

[HSN ALL BU-4](#)

Prior to replacing INET, HSN must proactively set up users within the ONBASE system. A HSN Provider Notice including revised deployment dates, updated HSN User Agreement and an updated HSN Business Partner Security Agreement can be found in HSN All Provider Billing Update 7.
